## Professional Learning Days

#WCPSSLearningDays

We are excited to share the various options for professional learning this year. We have heard from teachers that face-to-face is the preferred delivery method of professional learning in a conference style setting providing choice.

It is our hope that all teachers will have the opportunity to attend one full day of professional learning this year. Certified staff may attend more days with permission of their principal. Principals will communicate to their staff when they will have the opportunity to attend professional learning.

If you have suggestions for additional classes that would be useful to you, let us know in the chat!
